Appointment of Waterman

Letter No 1250/E dated 14/8/1946 from the Chief Engineer for Irrigation

The C.E.I reports that all the menial in his office are non-Brahmins and that the services of a waterman is not necessary for supplying drinking water to the officials. He, therefore, requests sanction to the entertainment of a waterman on a pay not exceeding Rs4/- p.m. throughout the year meeting the cost from the contingent grant of his office.

2. It is not clear whether the waterman is expected to supply drinking water to the officials of the offices of both the Chief Engineers or only to those attached to the office of the C.E for Irrigation.

3. The proposal requires financial concurrence. This arrangement may perhaps be sanctioned and a Brahmin Peon entertained at the earliest vacancy, when an allowance of only Rs 2/- as per existing orders passed to him.

B 22/8/46.

This arrangement is only intended for a short notice. It is believed that a Brahmin Peon is in service in the C.E's office and whether he may not be required

6. The Services of a Brahmin peon employed in the Roads & Buildings Chief Engineer's office will not always be available for work in this office as he has to do work outside the Stations also on duty being an employee on the permanent Establishment of that office. Hence the employment of a Separate menial may kindly be approved.

Sir,

Re: APPOINTMENT OF WATERMAN.

I have the honour to state that as the menials of this office are all non-brahmins and as the services of waterman for short periods of 3 or 4 months in a year could not be had and even if had the service will not be certain, a Brahmin Waterman was appointed for supplying drinking water for the officials throughout the year on payment of Rs.4/- P.M., the cost being debited as usual to the "Office Contingencies."

2. As the Comptroller has taken objection to this and requires sanction of Government for the appointment of Waterman throughout the year inspite of Government sanction obtained already(vide copy enclosed)

3. As the number of officials exceeds 50 and as payment of Rs.4/- per mensum is not in any way considered high in these days, I request sanction of Government may kindly be conveyed for the entertainment of a Water-man throughout the years on a remuneration not exceeding Rs.4/- per mensum. It may be mentioned here that Rs.3 and Rs.4/- per mensem have on several occasions had to be paid several years continously for want of an independent Brahmin Water-man.

I have the honour to be
Sir,
Your most obedient sergant,

M. Narasimha

VVR. CHIEF ENGINEER FOR IRRIGATION.
